

Allister Ferguson, Deputy Principal and Professor of Photonics

Allister is Deputy Principal for Research and Knowledge Exchange at the University of Strathclyde. He is also the Principal Investigator of the RCUK Science Bridges Award that provides financial support for the SU² Partnership. His research interests are in solid state lasers, nonlinear optics, biophotonics and laser spectroscopy. He is the Professor of Photonics in the Department of Physics, Associate Director of the Centre for Biophotonics and the Technical Director of the Institute of Photonics.

Department

Department of Physics and Institute of Photonics

Institution

University of Strathclyde

Address

John Anderson Building
Rottenrow
Glasgow
G4 0NG
Scotland, UK

Tel

+44 141 548 3359

e-mail

a.i.ferguson@strath.ac.uk
